

NEW REGIONAL MEASURES FOR COVID-19 CONTAINMENT

Colleferro, 22nd February 2021 - With regard to the Order of the Region Lazio concerning public health and safety, which establishes further measures for the prevention and management of the COVID-19 emergency in the Municipality of Colleferro, Avio wishes first of all to express its solidarity and closeness to the local community and people affected by the emergency.

In the meantime, Avio has activated a series of additional procedures and measures, in addition to those already foreseen by the Government and Health Authorities, to protect the health of employees, customers and suppliers as much as possible, and to mitigate the impacts on the operations of the Company.

At the moment, the activities in all Avio plants, particularly in Colleferro and French Guyana, proceed regularly to guarantee the achievement of operational objectives, particularly relative to the Vega return to flight.

Avio will disseminate any further information to update stakeholders in real time on the developments of the situation.

Avio S.p.A.

Avio is a leading international group engaged in the construction and development of space launchers and solid and liquid propulsion systems for space travel. The experience and know-how built up over more than 50 years puts Avio at the cutting-edge of the space launcher sector, solid, liquid and cryogenic propulsion and tactical propulsion. Avio operates in Italy, France and French Guyana with 5 facilities, employing approx. 1,000 highly-qualified personnel, of which approx. 30% involved in research and development. Avio is a prime contractor for the Vega programme and a sub-contractor for the Ariane programme, both financed by the European Space Agency ("ESA"), placing Italy among the limited number of countries capable of producing a complete spacecraft.
